

Condensed Matter Physics Center has been awarded with a "María de Maeztu" Grant

The Condensed Matter Physics Center (IFIMAC) has been awarded with a "María de Maeztu" grant corresponding to the Excelent Research Centers 2014 program financed by the Spanish I+D+i secretary. This grant will provide to our institute a total funding of 2.000.000 Euro for the next 4 years (2015-2019).
