

## Thesis Defense – Theoretical Description of Wave Propagation in Magnetoplasmonic Nanostructures

Place: Seminar room, module 5, Facultad de Ciencias, Universidad Autónoma de Madrid.

When: 12:00, Friday, 12 February, 2016.

Program: Defense by Ms. Blanca Caballero García, Department of Theoretical Condensed Matter Physics, Universidad Autónoma de Madrid.

Title: Theoretical Description of Wave Propagation in Magnetoplasmonic Nanostructures

Thesis Director: Antonio García Martín [Institute of Microelectronics of Madrid, CNM-CSIC](#) and Juan Carlos Cuevas [Department of Theoretical Condensed Matter Physics](#), Universidad Autónoma de Madrid.
